The 2023 Business Report

I. The 2023 Business Report

In 2023, the Company generated consolidated net revenues totaling NT\$10,759,092 thousand, decreased by 9.57% from NT\$11,897,939 thousand in 2022; pre-tax profit was concluded at NT\$880,959 thousand, decreased by 5.6% from NT\$933,376 thousand in 2022; net income amounted to NT\$605,776 thousand, representing an EPS of NT\$7.02 that was 1.2% lower than pre-tax profit of NT\$613,158 thousand and EPS of NT\$7.1 in the previous year. Due to the interactive influence of factors such as the global economic environment, international trade activities, and industrial chain restructuring in the post-epidemic era, the overall economic recovery is not yet clear, and operations and profits have repeatedly faced challenges.

Recently, the application of thermal products is quite wide and increasing day by day, and very popular in PC, NB, smartphones, cloud data centers, automobiles, artificial intelligence (AI), and other fields. The growth of overall demand and market size for thermal management devices continues. In order to provide a more diverse thermal management product portfolio, the Company will continue its effort in servicing existing customers and pro-actively develop heat management products for automotive, cloud data centers, portable devices, gaming devices, high-voltage air cooling systems and water-cooling systems to satisfy the needs in the market. Much of the Company's investment has been aimed toward capitalizing on EV, AI, IoT and 5G applications and connecting key regions/customers around the world. Benefiting from the growth in demand for servers, network communications, and optimistic about the replacement business opportunities that will arise from the laptop next year, the revenue performance of related products is still expected to increase upward. As the market of servers and network communications increases, the demand for related components also increases, and thermal products are the keys to improve efficiency. With the new wave of global AI driving the upgrade of computing power, the overall related industries are expected to expand more business opportunities.

The company's R&D team not only focuses on mature and stable heat dissipation products to make them thinner and more performance-improved, but also focusing on the development of non-copper alloy technology, aiming to apply it to more demanding automotive and electronic cooling solutions. The company's annual investment in research and development accounts for more than 4% of its overall revenue, and has reached over 5% in the past two years. We will maintain motivation and constantly

strive to develop new products, and connect the R&D results with the need of customer products in order to achieve a win-win effect. For example, 3DVC product-related reliability development testing has been completed recently. Besides, we have joined the A+ Enterprise Innovation R&D Program of the Technology Department of the Ministry of Economic Affairs, through the "Prospective Chip Thermal Management Innovation and Production Technology R&D Project", and recognized by the government with project subsidies.

(II) Budget execution: according to the “Regulations Governing the Publication of Financial Forecasts of Public Companies”, the Company is not required to disclose information regarding budget execution and analysis in 2023, as the Company did not release the information of financial forecasts in 2023.

2. Research and Development Outcomes

(1) Successfully developed technologies or products

(i) Cooling products for smart phones -- ultra-thin vapor chamber below 0.3mm has been developed.

(ii) Heat dissipation products for high-density computing servers - the development of air-cooled heat dissipation modules with a power of more than 300 watts have been completed.

- (iii) Heat dissipation products for Netcom equipment -- the development of air-cooled heat dissipation modules above 600 watts have been completed.
- (iv) Vehicle-mounted IGBT heat dissipation products - the development of liquid cooling modules above 2000 watts have been completed.
- (2) Technologies or products to be developed
 - (i) Continue to develop 3S light/thin/strong (Slight/Slim/Strong) heat dissipation products.
 - (ii) AI chip heat dissipation products -- 100 W/cm² ~ 200W/cm² high heat flux heat transfer element development.
 - (iii) The third generation of semiconductor heat dissipation products - the development of extremely high and low temperature heat transfer components resistant from -40°C to 260°C.
 - (iv) Meta wearable heat dissipation products - development of light and thin non-copper alloy heat transfer components.
 - (v) Developing 3DVC 700-1250W
 - (vi) Developing Transient calculation module

II. Summary of 2024 Business Plan

(I) Operational Guidelines

1. Actively develop new industries and fields, new cooperative customers, and immediately grasp opportunities to expand revenue scale.
2. Integrate R&D departments, strengthen organizational strength, and shorten product development cycle. There is also a dedicated research and development center, research and develop new products and technologies to solidify the niche for future competition.
3. Utilize Nidec's group resources to strengthen business, product development, quality management, procurement and other functions to continuously increase the group's global competitiveness and strength.
4. Reduce costs by expanding the production of Vietnam factories and accelerating the automation and labor saving of Chinese factories.
5. The Taiwan factory will focus on R&D and production of new models, and the mass-produced models will gradually be transferred overseas.

(II) Expected Sales Volume and Basis

The Company's main products include heat pipes, vapor chambers, thermal modules, and heat sinks. These products are mainly used in PCs, servers, network communications, and smart phones. In addition to stabilizing the existing market share of cooling components used in PCs, Servers and Network communications, the company will actively explore potential customers of existing product lines and business development in new product applications in 2024.

(III) Important Production and Sales Policies

1. Production Policies: The industrial characteristics of heat cooling products are

few standardization, frequent design changes and urgent orders. Therefore, the Company enforces the strict inventory management, reducing inventory and increasing inventory turnover. In addition, the Company also invests extensively in automatic production equipment as a mean to reduce labor requirements, and actively explores ways to improve production quality, simplify production process, design common materials for cost reduction in order to offer more competitive price of products.

2. Sales Policies: In addition to expanding market shares in local and foreign markets, the Company will also gradually increase investment in vapor chamber production capacity depending on the market supply and demand situation. In addition, the Company will strengthenly develop overseas distribution channels; establish agency sales channels to further expand the international market exposure.

III. Future Development Strategies

- (I) Set short/medium/long term goals and visions.
- (II) Close cooperation with Nidec to broaden the scope of product services and industry field developing, which will help obtain comparative advantages of each product lines among the industry peers.
- (III) Enhance the quality and energy of R&D, and share the achievements and revenue growth performance with customers.
- (IV) Speed up production capacity expansion to satisfy future market demand.
- (V) Focus on ESG (Enviornment, Society, and Governance) developing and related subjects, and follow the guidance and timetable of Financial Supervisory Commission on Greenhouse Gas Inventory. Continue to strengthen the industry's environmental protection policies, energy conservation, carbon emission, create a friendly environment as well as employment terms for the compliance with RBA (EICC) and the fulfillment of social responsibilities, to realize our vision of a low-carbon/carbon-free industry.

IV. Influences from external competitors, regulations, and overall business environment

The company is facing external market competition, new regulations promulgated by securities authorities, domestic and foreign environmental protection laws, and changes in the global economic environment, which are affecting the company's operating performance and results. In response to the challenges of the overall economic issues and globalization, the company not only complies with the regulations of the securities authorities, but also cooperates with upstream and downstream suppliers to improve the self-made components. Enhance the production process to reduce costs, and make complete plan for raw material procurement to fulfill the customer order in needs, so as to continuously increase the company's competitiveness.

With our best regards and wishes
Sincerely yours,

Chairman: Junichi Nagai

CEO: Junichi Nagai

Independent Auditors' Report

To the Board of Directors of NIDEC CHAUN-CHOUNG TECHNOLOGY CORPORATION:

Opinion

We have audited the consolidated financial statements of NIDEC CHAUN-CHOUNG TECHNOLOGY CORPORATION and its subsidiaries (“the Group”), which comprise the consolidated balance sheets as of December 31, 2021 and 2020, the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2021 and 2020, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and with the International Financial Reporting Standards (“IFRSs”), International Accounting Standards (“IASs”), Interpretations developed by the International Financial Reporting Interpretations Committee (“IFRIC”) or the former Standing Interpretations Committee (“SIC”) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audit in accordance with the Regulations Governing Auditing and Certification of Financial Statements by Certified Public Accountants and the auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Certified Public Accountants Code of Professional Ethics in Republic of China (“the Code”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

1. Revenue recognition

Please refer to note 4(o) “Revenue recognition” for accounting policy related to revenue recognition, and note 6(n) “Revenue from contracts with customers” for disclosure information about revenue recognition of the consolidated financial statements.

Description of key audit matter:

The main revenue of the Group comes from the researching, development, production, and sale of thermal components in the computer and related industries. Since products are highly customized, the revenue recognition is concerned by the users or receiver of the financial statements, the test for revenue recognition is a highly concerned matter when we comply the audit procedure for the financial statements of the Group.

How the matter was addressed in our audit:

Our principal audit procedures included obtaining the list of top-ten customers and newly-added customers for the current year to analyze whether there is an unusual situation or not, inspecting of significant new contracts and understanding terms and conditions to assess whether there are any significant abnormalities, assessing the appropriateness of accounting policies for revenue recognition (including sales returns and discounts), testing the effectiveness of the design and the implementation of internal controls of sales and performing the sales cut-off test on the period before and after the balance sheet date, to ensure sales are recognized in the appropriate accounting period.

Other Matter

NIDEC CHAUN-CHOUNG TECHNOLOGY CORPORATION has prepared its parent-company-only financial statements as of and for the years ended December 31, 2021 and 2020, on which we have issued an unmodified opinion.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers and IFRSs, IASs, IFRC, SIC endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the independent directors or supervisors) are responsible for overseeing the Group’s financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Hsin-Yi Kuo and Hui-Chih Ko.

Independent Auditors' Report

To the Board of Directors of NIDEC CHAUN-CHOUNG TECHNOLOGY CORPORATION:

Opinion

We have audited the financial statements of NIDEC CHAUN-CHOUNG TECHNOLOGY CORPORATION (“the Company”), which comprise the balance sheets as of December 31, 2021 and 2020, the statements of comprehensive income, changes in equity and cash flows for the years then ended and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2021 and 2020, and its financial performance and its cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

Basis for Opinion

We conducted our audit in accordance with the Regulations Governing Auditing and Certification of Financial Statements by Certified Public Accountants and the auditing standards generally accepted in the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Certified Public Accountants Code of Professional Ethics in Republic of China (“the Code”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis of our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

1. Revenue recognition

Please refer to note 4(o) “Revenue recognition” for accounting policy related to revenue recognition, and note 6(o) “Revenue from contracts with customers” for disclosure information about revenue recognition of the financial statements.

**Description of key audit matter:**

The main revenue of the Company comes from the researching, development, production, and sale of thermal components in the computer and related industries. Since products are highly customized, the revenue recognition is concerned by the users or receiver of the financial statements, the test for revenue recognition is a highly concerned matter when we comply the audit procedure for the financial statements of the Company.

How the matter was addressed in our audit:

Our principal audit procedures included obtaining the list of top-ten customers and newly-added customers for the current year to analyze whether there is an unusual situation or not, inspecting of significant new contracts and understanding terms and conditions to assess whether there are any significant abnormalities, assessing the appropriateness of accounting policies for revenue recognition (including sales returns and discounts), testing the effectiveness of the design and the implementation of internal controls of sales and performing the sales cut-off test on the period before and after the balance sheet date, to ensure sales are recognized in the appropriate accounting period.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance (including the independent directors or supervisors) are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the auditing standards generally accepted in the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with auditing standards generally accepted in the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of the investment in other entities accounted for using the equity method to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audit resulting in this independent auditors' report are Hsin-Yi Kuo and Hui-Chih Ko.

The number of shares in attendance shall be calculated according to the attendance cards handed over. When a juristic person is appointed to attend as proxy, it may designate only one person to represent it in the meeting.
- Article 4: Attendance and vote at Shareholders meeting shall be calculated based on numbers of shares.
- Article 5: The chair shall call the Meeting to order at the appointed meeting time. However, when the attending shareholders do not represent a majority of the total number of issued shares, the chair may announce a postponement, provided that no more than two such postponements, for a combined total of no more than 1 hour, may be made. If the quorum is not met after two postponements and the attending shareholders still not represent enough, the chair shall declare the meeting adjourned. However, if the attending shareholders represent one third or more of the total number of issued shares, a tentative resolution may be adopted pursuant to Article 175, paragraph 1 of the Company Act; all shareholders shall be notified of the tentative resolution and another Shareholders Meeting shall be convened within 1 month. When, prior to conclusion of the meeting, the attending shareholders represent one third or more of the total number of issued shares, the chair may resubmit the tentative resolution for a vote by the Shareholders Meeting pursuant to Article 174 of the Company Act.
- Article 6: If a Shareholders Meeting is convened by the Board of Directors, the meeting shall be chaired by the chairperson of the Board. When the chairperson of the Board is on leave or for any reason unable to exercise the powers of the chairperson, the vice chairperson shall act in place of the chairperson; if there is no vice chairperson or the vice chairperson also is on leave or for any reason unable to exercise the powers of the vice chairperson, the chairperson shall appoint one of the managing directors to act as chair, or, if there are no managing directors, one of the directors shall be appointed to act as chair. Where the chairperson does not make such a designation, the managing directors or the directors shall select from among themselves one person to serve as chair.
- Article 7: The Company may appoint its attorneys, Certified Public Accountants, or

related persons retained by it to attend a Shareholders Meeting in a non-voting capacity.

- Article 8: Staffs handling administrative affairs of a Shareholders Meeting shall wear identification cards or arm bands.
- Article 9: The Company shall make an audio or video recording through the entire procedure of the Shareholders Meeting and retain the recorded materials for at least 1 year.
- Article 10: If a Shareholders Meeting is convened by the Board of Directors, the meeting agenda shall be set by the Board of Directors. The meeting shall proceed in the order set by the agenda, which may not be changed without a resolution of the Shareholders Meeting.
- Article 11: Before speaking, the chair may ask an attending shareholder must specify on a speaker's slip the subject of the speech, his/her shareholder account number (or attendance card number), and account name. The order in which shareholders' speak will be set by the chair.
- Article 12: A shareholder in attendance who has submitted a speaker's slip but does not actually speak shall be deemed to have not spoken. When the content of the speech does not correspond to the subject given on the speaker's slip, the spoken content shall prevail.
- Article 13: Shareholders may restrain the authority of proxies in the power of attorney or through other means, and whether such restraint is known to the Company or not, the speech and votes of the proxies shall prevail.
- Article 14: Each shareholder may express an opinion on the same motion for no more than twice unless with the consent of the chair. Five minutes are allowed for each expression, shareholders violate the forementioned regulations or exceed the scope of the agenda, the chair shall stop the shareholder from going on with the expression.
- Article 15: When a juristic person is appointed to attend as proxy, it may designate only one person to represent it in the Shareholders Meeting.
- Article 16: When a juristic person shareholder appoints two or more representatives to attend a Shareholders Meeting, only one of the representatives appointed may speak on the same proposal.
- Article 17: After an attending shareholder has spoken, the chair may respond in person or direct relevant personnel to respond.
- Article 18: Regarding the discussion of motions, when the chair considers the motion has been discussed sufficiently and shall put it to a vote, the chair may announce the discussion closed and call for a vote.
- Article 19: If it is not a motion, it will not be discussed or voted. When the chair considers the motion has been discussed sufficiently and shall put it to a vote, the chair may announce the discussion closed.
- Article 20: When the chair announces for the discussion of particular motion closed and proceed to vote, several motions may be voted simultaneously, but shall vote separately.
- Article 21: The venue for a Shareholders Meeting shall be the premises of the Company, or a place easily accessible to shareholders and suitable for a Shareholders

Meeting. The meeting may begin no earlier than 9 a.m. and no later than 3 p.m. Full consideration shall be given to the opinions of the independent directors with respect to the place and time of the meeting.

- Article 22: Except as otherwise provided in the Company Act and in the Articles of Incorporation, the passage of a motion shall require an affirmative vote of a majority of the voting rights represented by the attending shareholders. If the chair consults without dissent, it shall be deemed as passed its effect shall be the same as that of the vote.
- Article 23: When there is an amendment or an alternative to a motion, the chair shall present the amended or alternative motion together with the original motion and decide the order in which they will be put to a vote. When any one among them is passed, the other motions will then be deemed rejected, and no further voting shall be required.
- Article 24: A shareholder shall be entitled to one vote for each share held, except when the shares are restricted shares or are deemed non-voting shares under the related laws or regulations.
- Article 25: Regarding the monitoring and counting personnel for the voting on a motion shall be appointed by the chair, provided that all monitoring personnel shall be shareholders of the Company. The results of the voting shall be announced on-site at the meeting, and a record made of the vote.
- Article 26: (Deleted)
- Article 27: When a meeting is in progress, the chair may announce a break based on time considerations.
- Article 28: When a meeting is in progress, if there is an air raid warning, earthquake or other force majeure events, the chair shall announce the meeting discontinued at once and evacuate from the meeting place. After the reason of the discontinuation of the meeting is eliminated, the chair shall determine if the meeting shall be continued.
- Article 29: Anything not covered by the Procedure shall be governed by the Company Act, the Articles of Incorporation of the Company and other applicable laws.
- Article 30: This Procedure shall be implemented after the approval of the Shareholders Meeting. The same procedure is applicable to any amendments thereto.
